close work.

Use a stitching needle, take the end yarn end through the last 7 st and pull it to close the hole completely. Fix the yarn end and sew it invisible inside the body.

For stitching eyes make a marking in mid of front face field (I use a white yarn...pin needle is ok too.

I cut a 1,5m long yarn strip in black with scissors. Take a stitching needle...

begin to stitch an X, on the right side. So be sure you are 1 round free in rose to bottom green leg side. And for 9 stitches between eyes let from mid marking 4 stitches free. If you have problems stitch pin needles in where you need to stitch, that helps. Begin right up and let the start yarn end a little longer for sewing later eye- brow or –lashes, look next side for pictures!!

¨˙··•♥ *SABSES* ♥ ҉ ♥ *SWEETIES* ♥•··˙¨ #0012

sew the X!

X ready, sew a plus sign over it (+).

You have a star now...

now, stitching a frame arround it, from tip to tip...that´s 8 little stitches...

Then you make so many stitche over and over inside the frame until no rose color seen any longer inside the eye. Do not stitching outside the framing !!

Go inside body through the head to the other side and work 2nd eye like last.

Closure stitching eye brow or eye lashes like this with the yarn ends.

Fix yarn and sew it invisible inside.

Waistline

Next we crochet a line in red color between pants(green bottom line) and the face line. Bind a starter loop, begin backward mid between legs and work in left direction. Stitching zone is the first green round under the rose field. Stitching though 1 st in and out and tke starter loop on needle and go back with. Let it on needle. Where the work yarn come out stitch in and go out next st on left side, take yarn and work like a sl st through the stitch and the loop on your hook needle. Repeat this step arround...

At last crochet a sl st into the first st for close the red line, close work and look lalylalas pattern for make an invisible stitching over there. Sew yarn end inside body.

Brim of a hat

Wool color **red**

The front loops from round 17 of body look like a line in the red hat field. There we will crochet the brim along. Start backside in mid. Stitch from bottom to top under a line stitch. Make a starter loop and take it through, let it on the hook needle.
Stitch again through the same line stitch and crochet 1 sc.

Next step is a shell stitch. Means all stitches inside the bracket inc. in the same line st !!!

inc. bracket 1 times [1 sc, 1 hdc, 1 dc, 1 tdc, 1 dc, 1 hdc, 1 sc] it look like a wave, in next step 1 sc to next line stitch on the body.

Repeat 1 bracket shell/wave and then 1 sc over complete body round. Did you crochet the last wave on round, jump over next line st and make a sl st in the first sc you made at beginning this ! Do not crochet 2 sc besided, it looks wrong. Close work and sew end yarn ends invisible inside body.
